HTML & CSS

Code with Mosh, Udemy

STRENGTHS

- Analytical Thinking
- Attention to Detail
- Fast Learner
- Team Collaboration
- Problem Solving
- Technical Documentation

PROFESSIONAL SUMMARY

Junior Frontend Developer with a **unique dual background** in healthcare administration and software development. Experienced building responsive React applications with Vite, Framer Motion, and Tailwind CSS. Former HMO/NHIA Claims Manager — bringing rare analytical precision and healthcare domain knowledge that most frontend developers simply do not have.

PROFESSIONAL EXPERIENCE

HMO / NHIA Officer2024 – Present

- Hopehill Specialist Hospital · Lagos, Nigeria
- Manage NHIA/HMO claims processing, reconciliation, and credit control for all enrolled patients.
 - Operate EMR systems for patient registration, visit tracking, and claims documentation.
 - Liaise with HMO companies to resolve payment disputes and reduce outstanding AR.
 - Generate weekly/monthly reports on utilisation, revenue, and reimbursement trends.

NHIA Claims Manager (NYSC)2023 – 2024

- Parkview Family Medicine Royal Hospital · Lagos, Nigeria
- Handled end-to-end electronic claims submission, auditing, and compliance documentation.
 - Reviewed and coded patient encounters using ICD-10 standards for accurate reimbursement.
 - Reduced claim rejection rate through systematic pre-submission review processes.
 - Completed NYSC with Medical and Health CDS leadership recognition certificate.
